

MnSCU Org/Campus Structure

The following is a list of Institution IDs/Organization codes for fiscal year 2004 and changes for fiscal year 2005.

The lists includes Campus Codes and MAPS PV phone codes.

The Campus Codes identify which institution a campus is associated with.

The PV phone code identifies which institution paid you as an inter-agency payment.

It is the first 2 digits of the document/transaction number in MAPS.

(It is called a PV phone code because it tells MAPS which phone number to put on a paper warrant for more information.)

ORG = Inst ID

Campus = Campus Code & 1st 3 digits on MAPS CR and JV transactions.

PV = 1st 2 digits on MAPS PV and EC transactions (this will identify the campus that made the payment).
